The Senator Group works to maintain significant inventories to support our Quickship programs. All products that are in stock will ship in 15 business days. Should our inventories be depleted we will provide the most prompt ship date possible. The Senator Group's Quickship Program is limited to only models and finishes listed. Our 15-day Quickship goal begins once a clean and complete order has been accepted, entered and all business terms have been satisfied. All Senator Group related business terms and conditions apply. Products are listed with maximum available purchases for a given project. The splitting of orders to circumvent maximum quantities will not be allowed.

Please contact your Senator Group Dealer or representative to request expedited larger quantity purchases outside of this program. The product application images contained in the program guide serve to provide a demonstrated use of our product.

Please note these images represent products and finishes available, they do not always represent products and finishes available in our QuickShip program.

i-Workchair 2.0

Through the use of advanced knit technology, we've married a complex structure of high performance yarns with softer, more tactile melange yarns, to not only create a unique and contemporary design but to bring additional strength, support, and breathability to i-Workchair 2.0.

Utilizing a new generation of synchronized tilt action, i-Workchair 2.0 mirrors the body's natural pivot points, providing a seamless transition between task focused work, and more relaxed, reclined postures.

Adapt Wall

Engineered for possibility. Its lightweight form is deceptively agile, enabling greater ease of movement yet being extremely stable ensures Adapt Wall can confidently transform any space on demand.

Individuals, as well as organizations, have all learned to react to new ways of working. This constant reaction to the change of an individual's daily working routine was the catalyst for Adapt Wall. Born out of the idea to create mobile partitions — to enable more agile, fluid, and flexible spaces — empowering every user to create spaces that work for them at that moment.
